DRESS Smart Casual

DEALING WITH THE AFTERMATH OF THE BIG WET

What is required contractually to successfully claim extensions of time and avoid liquidated damages?

This presentation will provide a practical guide for contractors for claiming Extensions of Time (EOT) under Australian Standard contracts. It will cover the timing and notice requirements required under EOT clauses that can affect the contractor's right to an EOT. The presentation will also explore the obligations on the Superintendent when exercising any powers to grant an EOT. Practical tips will be provided as to liquidated damages, when and how they may be applied by principals and grounds on which they may be challenged.
